Auction Sales To-day.
J. P. DAVIES & CO., Wharf Street, will sell at
Salesroom at 10 o'clock, Clothing, Underclothing, Gloves,
Trimmings, Hats &c.
City Council.
TUESDAY, Sept. 21.
Present—His Worship the Mayor in the
Chair, Councillors McKay, Russell and Bun-
ster.
An account from Willis Bond of \$4 for
deepening a drain on Courtney street. Re-
ferred to the Finance Committee for pay-
ment.
A communication from the Queen Char-
lotte Coal Mining Company, asking permis-
sion to hold their meeting in the Council
Chambers. Leave granted.
An account from T. Danlop, for \$2 50, for
horse hire. Deferred.
A communication from the Spring Ridge
Water Company, asking permission to make
excavations on Bastion street for the purpose
of laying water pipes. Leave granted.
A report was read from the Street Com-
mittee stating that they had examined the
new bridge at the head of James Bay, and
that it was completed to their entire satis-
faction, and recommending payment. Also an
account of \$7 50, for extra work done on
said bridge. Ordered paid.
The Mayor instructed the Clerk to call
the Council together to-morrow at 12 o'clock
for the appointment of a poundkeeper.
The Council then adjourned.
WEDNESDAY, Sept. 22, 1869.
The Council met at 12 1/2 o'clock to elect
a pound-keeper—His Worship the Mayor in
the Chair, and Councillors Bunster, McKay,
Allison, Gerow and Russell present.
The Mayor stated the object of the meet-
ing.
Councillor Bunster suggested that as there
was one Councillor [Allison] absent, there
ought to be an adjournment till Tuesday.
This suggestion meeting with no favor.
The Clerk read the applications of A W
Davis, H Richardson, Alex. Young, J C
Scott, S Bakes and C Wren, to be appointed
poundkeeper.
Before balloting for the poundkeeper,
Councillor Bunster said there seemed to be
a majority against it. One of these appli-
cants was in prison—Mr Scott; and others
might be there soon. There was no doubt
if the Corporation wanted a man who it
could get one, and he looked on a pound-
keeper as no better than a hangman.
Councillor Gerow said this vote seemed
like a force-put to him. He thought the
whole question ought to come before the
people. This seemed a sound way of doing
business.
Councillor Bunster said he wouldn't vote
for poundkeeper.
The Mayor—The question before the
Council is, who shall be poundkeeper?
Councillor Russell would leave the whole
matter in the hands of the Mayor.
Councillor McKay—By what authority do
you want this course taken? The Mayor
don't want to act like an autocrat—he con-
sults his Council.
Councillor Bunster thought, such being
the case, that there should be no election, as
a majority of the Council was assuredly not
in favor of the Pound Law.
Councillors Bunster, Russell and Gerow
declined to vote. The result of the vote was:
Young, 1; Wren, 1. The Mayor voted for
Wren who was declared duly elected.
The Council then adjourned till Tuesday
next at 7 p.m.
The Governor at Lytton.
His Excellency and party arrived at Lyt-
ton on Monday, 15th inst., a deputation of
the citizens waited upon His Excellency
and presented the following
ADDRESS:
To His Excellency Anthony Musgrave Esq.,
Governor of British Columbia and its De-
pendencies, Commander in Chief and Vice
Admiral of the same, &c., &c.
May it please your Excellency,
We, the undersigned, on behalf of the
people of this district, have much pleasure
in welcoming your Excellency to Lytton.
We have every confidence that your Ex-
cellency will do all in your power to further
the general interests of this colony, your
early visit through the country being suffi-
cient proof that the public requirements will
be speedily attended to.
R. Smith, T. Soward, T. R. Baile, W.
McWh., L. Hunter.
His Excellency made the following
REPLY.
Gentlemen—I thank you for the welcome
which you give me to Lytton, and I am
gratified at the confidence which you express
in my desire to further the interests of this
Colony. You may be assured that I have
no greater ambition than to do what may be
within my power to promote them, and I
have with pleasure used the earliest oppor-
tunity for making myself acquainted with
the requirements of the Colony for this pur-
pose.
The Governor and his party left Lytton on
their way to Cariboo early on the following
morning.

From Cariboo.
Great preparations were being made at
Barkerville for the reception of the Gov-
ernor. An address has been prepared for
presentation to His Excellency, and the
mimic, headed by a band, intended form-
ing a procession, meeting the Governor
some distance out of town and escorting him
to the hotel.... The excitement with refer-
ence to the discoveries on Lightning and
Vanhuile Creeks was increasing. The
diggings are now known to be very rich and
a great many claims have been staked off
for work in the spring.... We have, the
Sentinel of the 8th and 11th. In the neigh-
borhood of Sugar creek grouse are so plenti-
ful that miners can at any time knock down
a few with a stick or with stones, and the
birds are remarkably fat.... On William
creek the Dutch Bill co cleaned up 40 oz.
In the Ballarat tunnel, at the lower part
of the creek, prospects have been obtained.
On Conklin gulch the McDowell co washed
up 39 oz on Wednesday. The Gourock co
are still getting encouraging prospects. The
Cosmopolitan co, French creek, got down
with their shaft about 90 feet on Tuesday
and struck gravel, which gives small pros-
pects in every part. On Keithley creek,
last week, the Stonewall co washed up 62 oz
On Stout gulch, the Telford co, on Thurs-
day, had washed up 102 oz for four days' work,
and the Combs co, on Friday, for five
days' work, washed up 90 oz. The Cana-
dian tunnel has been extended nearly 100 ft
beyond the Miller co's shaft, making the
tunnel altogether over 1700 feet in length.
The face looks encouraging, good looking
gravel with fine gold in it has been reached.
An exploring party returned from the
eastern side of the limestone range of
mountains, that have hitherto mark-
ed the boundaries of the gold-bearing
region of Cariboo. They proceeded up
the Currievale lake, and following up Swamp
river, they went a few miles above Swan
Lake in boats. Leaving their boats they
started up the south fork of Swamp river
and crossed the limestone range. Beyond
this range they came to a range of granite
mountains which they suppose are gold-bearing.
Ascending nearly to the summit, they
observed a low pass which seemed to run
from the south fork of the Swamp river to-
ward and into the Fraser. They prospect-
ed occasionally as far as they went and found
gold, but not being supplied with provisions
for more than three weeks, they did not ac-
complish much in the way of gold discovery.
The result of their efforts is so far satisfac-
tory that they intend to reorganize for an-
other expedition.

From New Westminster.—The steamer
Enterprise arrived from New Westminster
at 5 1/2 o'clock yesterday afternoon. She
brought 40 passengers, among whom we ob-
served Messrs. Lamb, Good, Bushby, Op-
penheim, Watson, Jamieson, Mrs. Pender-
bury and Mrs. Robert and family. About \$90,-
000 in dust and bars came down for the
banks and in private hands; \$20 000 of the
amount is owned by Chinamen.... An in-
ventory is being made of the property
stored at the Camp, possibly with a view to
sale.... Government has paid to the W. U.
Telegraph Co. one half the subsidy—\$2250
....The Guardian says that last week, Mr.
J. A. Way of Yale, while on his way to All-
ison Ranch, was shot in the shoulder by an
Indian, whom he had shipped as a pilot.
They had camped for the night; and it was
while asleep that the Indian shot him, it is
supposed for the purpose of robbing him.
Very large flocks of geese started South
yesterday. They report many more on the
wing. An early winter.
Music.—The undersigned informs the pub-
lic in general that he is the only teacher of the
Piano who combines Thorough-bass and
Composition with his instruction in music
and singing, and is also the most experienced
and legitimate Tuner of Pianos in the
Colony. Terms—Pianoforte and Singing \$6
per month. Pianofortes tuned and repaired
at \$3 00 and upwards. Music provided for
Balls, Evening parties and Dinners.—DINNY
PALMER, Kane street, or at T N Hibben &
Co's Book Store, Government street.—Mrs
Palmer instructs beginners on the Piano at
\$3 00 per month.
BOOK BINDING.—T. N. Hibben & Co
have, in connection with their Book and
Stationery Business, added Book BINDING,
and the various branches connected there-
with, and will add the mechanical parts and
material necessary for meeting the require-
ments of the Colony, guaranteeing neatness,
dispatch and satisfaction in all work entrust-
ed to them.
CUTTING SHAVING.—Having recovered his
health, Fred Payne's shop is again open to
the public. Prices as before.
We are assured that the popular remedy
known as "MACAMOOK" contains no mineral
substance whatever, but that it is a simple
extract from pure bark, and can be safely
used with impunity.
FELL'S COFFEE has become the favorite
Colonial beverage, and is to be found on every
breakfast table from Victoria to the foot of
the Rocky Mountains.
BUY IT AND TRY IT.—Russell's celebrated
coffee. The best on the Coast. Warranted
a pure and healthful beverage.
New Life!
When the mind and body are tired by overexertion, or by
long study, a bath, in which has been mixed a half-bottle
of MURRAY & LAMMAN'S FLUID WATER, will re-invigorate
the physical powers, and impart a delightful buoyancy
and cheerfulness to the mind.
Beware of the pernicious counterfeits; always ask
for the Florida Water, prepared by the sole proprietors
Lamman & Kemp, New York.
HOLLOWAY'S PILLS.—The changes of temperature and
weather frequently operate upon persons who are most cautious
of their health, and most particular in their diet. These
corrective, purifying, and gentle aperient Pills are the
best remedy for all defective actions of the digestive
organs; they augment the appetite, strengthen the stom-
ach, correct biliousness, and carry off all that is noxious
from the system. Holloway's Pills are composed of
rare balsams, united with boric matter, and on that
account are peculiarly well adapted for the young, deli-
cate, and aged. As this powerful medicine has gained
fame in the past, so will it preserve it in the future by
its renovating and invigorating qualities, and its incapa-
bility of doing harm.

From Kootenay.
Mr Henry Price left Kootenay (Wild Horse
Creek, on the 7th inst and met Johnson the
Expressman on the other side of Ruck Creek,
going towards Shepherd. The Indians at
Kootenay were quiet and friendly. The
Blackfoot Indians have returned east of the
mountain. On Wild Horse, the claims
owned by our informant paid from an ounce
to \$20 to the hand per day. They are
hydraulic claims and will last many years.
The Nip-add-Tuck company, on the opposite
side of the creek, are making from \$10 to an
ounce per day. While at Perry Creek, Mr.
Price visited the Hugh claim, which was
paying from \$30 to \$40 a day to the hand;
the Dove claim, from an ounce to \$20 a day;
the Montgomery claim, an ounce a day.
These are the three best claims. The claim
known as the Jeweller's shop is worked out.
Below these claims the Cameron company
had sunk a shaft 75 feet deep and were get-
ting 25 cents to the bucket. They had not
struck bedrock, but were in high spirits.
Crowds of men were awaiting the result of
the Cameron shaft when it shall reach bed-
rock. On the Mojave river there were 15
claims being worked that paid from \$5 to \$6
a day. George Weaver had struck diggings
on a tributary of the Mojave, which promised
well. The gold was heavy and coarse. The
weather at Kootenay had been wet and dis-
agreeable for some days. A little relief fell
on Shepherd and Hope Mountains, as Mr. Price
crossed. Two Chinamen came at Wild Horse
Creek quite recently. It was reported at
Fort Shepherd that a pack-trail loaded with
goods from Victoria had been seized by the
American Customs officers and the packer,
animals and goods taken to Fort Colville.
Particulars unknown.

Commercial and French Academy.—Mr
LeLievre will open his Academy on Monday,
the 4th October. A thorough course of tu-
ition in reading, writing, arithmetic, gram-
mar, geography, history and book-keeping is
guaranteed. A French class for adults on
Tuesday and Friday evenings, and an even-
ing Commercial Class on Monday, Wednes-
day and Friday will be instructed. Children
from 4 to 7 years will be under the im-
mediate superintendence of Mrs. LeLievre.
TACOMA, it would seem, is to be the ter-
minus of the North Pacific Railroad. Tac-
oma is situated 20 miles further up Sound
than Seattle and the harbor is good, but the
anchorage is deep. A town with the high-
sounding title of 'Commeccement City,' has
already been laid out on the shores of the
harbor.
THE SCHOOL MONEY.—The News contra-
dicts our statement relative to the money as-
serted to have been paid by the Government
to the Council on account of the School
Fund. Our information was derived from a
high official, and if the money has not yet
reached the hands of the teachers it is not
the fault of the Government.
TEMPERANCE LECTURE.—Rev Thos Derrick
will deliver a lecture on Total Abstinence
this evening, at the rooms of the Mechanics'
Literary Institute.
DEPARTURES.—The steamers Eliza Ander-
son and Wilson G. Hunt sailed for Puget
Sound yesterday, carrying many passengers.
AGROUND.—The schooner Discovery, on
the way down from Nanaimo, is reported
aground at the Rapids. She is laden with
coal.
FIREMEN'S ELECTION.—Mr. H. E. Levy is
an independent candidate for the office of
Assistant Engineer. The election will be
held on the 4th of October.

From Kootenay.
Mr Henry Price left Kootenay (Wild Horse
Creek, on the 7th inst and met Johnson the
Expressman on the other side of Ruck Creek,
going towards Shepherd. The Indians at
Kootenay were quiet and friendly. The
Blackfoot Indians have returned east of the
mountain. On Wild Horse, the claims
owned by our informant paid from an ounce
to \$20 to the hand per day. They are
hydraulic claims and will last many years.
The Nip-add-Tuck company, on the opposite
side of the creek, are making from \$10 to an
ounce per day. While at Perry Creek, Mr.
Price visited the Hugh claim, which was
paying from \$30 to \$40 a day to the hand;
the Dove claim, from an ounce to \$20 a day;
the Montgomery claim, an ounce a day.
These are the three best claims. The claim
known as the Jeweller's shop is worked out.
Below these claims the Cameron company
had sunk a shaft 75 feet deep and were get-
ting 25 cents to the bucket. They had not
struck bedrock, but were in high spirits.
Crowds of men were awaiting the result of
the Cameron shaft when it shall reach bed-
rock. On the Mojave river there were 15
claims being worked that paid from \$5 to \$6
a day. George Weaver had struck diggings
on a tributary of the Mojave, which promised
well. The gold was heavy and coarse. The
weather at Kootenay had been wet and dis-
agreeable for some days. A little relief fell
on Shepherd and Hope Mountains, as Mr. Price
crossed. Two Chinamen came at Wild Horse
Creek quite recently. It was reported at
Fort Shepherd that a pack-trail loaded with
goods from Victoria had been seized by the
American Customs officers and the packer,
animals and goods taken to Fort Colville.
Particulars unknown.

Commercial and French Academy.—Mr
LeLievre will open his Academy on Monday,
the 4th October. A thorough course of tu-
ition in reading, writing, arithmetic, gram-
mar, geography, history and book-keeping is
guaranteed. A French class for adults on
Tuesday and Friday evenings, and an even-
ing Commercial Class on Monday, Wednes-
day and Friday will be instructed. Children
from 4 to 7 years will be under the im-
mediate superintendence of Mrs. LeLievre.
TACOMA, it would seem, is to be the ter-
minus of the North Pacific Railroad. Tac-
oma is situated 20 miles further up Sound
than Seattle and the harbor is good, but the
anchorage is deep. A town with the high-
sounding title of 'Commeccement City,' has
already been laid out on the shores of the
harbor.
THE SCHOOL MONEY.—The News contra-
dicts our statement relative to the money as-
serted to have been paid by the Government
to the Council on account of the School
Fund. Our information was derived from a
high official, and if the money has not yet
reached the hands of the teachers it is not
the fault of the Government.
TEMPERANCE LECTURE.—Rev Thos Derrick
will deliver a lecture on Total Abstinence
this evening, at the rooms of the Mechanics'
Literary Institute.
DEPARTURES.—The steamers Eliza Ander-
son and Wilson G. Hunt sailed for Puget
Sound yesterday, carrying many passengers.
AGROUND.—The schooner Discovery, on
the way down from Nanaimo, is reported
aground at the Rapids. She is laden with
coal.
FIREMEN'S ELECTION.—Mr. H. E. Levy is
an independent candidate for the office of
Assistant Engineer. The election will be
held on the 4th of October.
